

A.L.L. (Gifted) Testing for Mountain Ridge Junior High Gifted Classes

There are TWO tests to take in order to qualify for all four gifted classes at Mountain Ridge. Alpine School District administers the test for English/History/Science. Mountain Ridge gives a separate test for math.

Alpine District Gifted Testing

To register for the district test, parents can go to www.alpineschools.org/gifted-services to find the link. The fee is \$20. The testing dates are every Saturday in January at a variety of schools around the district. Parents can choose which date and school fits their needs. There are fliers and posters about this in the front office.

Mountain Ridge Junior High Gifted Math Testing

Students can only take the test one time. This is very important for parents to know. Students can take it either on March 22 or March 23, 4:00 p.m., whichever date is most convenient for them.

To register for the math test, fill out this Google form.

There will be another date in August for students who move in over the summer or who miss the March test. Students who want to take 7th and 8th grade A.L.L. math need to take the test. Students who want to skip into 8th or 9th grade A.L.L. math need to take a different test, but it is offered the same day. Same registration.
